

K-LOVE offers a tremendous, family-friendly service to the San Antonio area. K-LOVE provides music and news each day that I'm comfortable with my entire family hearing, even my small children. This isn't true of any other local radio station. I think K-LOVE's positive, encouraging programming provides a wonderful service to all San Antonians, and it would be a sad loss to our community if it were replaced by some other programming. Please do not take this service away from our community. We need it!
